

TONER RECYCLING

Know - How

SHARP

FREE & EASY TONER RECYCLING

Sharp Electronics offers our customers a zero waste toner recycling for all Sharp consumables, including: **cartridges, bottles, toner collection containers and drum units**. Sharp provides all collection and shipping materials and covers all shipping and recycling costs. They further reduce our carbon footprint by more efficiently shipping in bulk (box fits up to 10 cartridges). All consumables are 100% recycled with ZERO waste to a landfill.

SUPPLY ITEMS TO RECYCLE

Sharp copier, printer and fax toner cartridges, waste toner containers and drum units are recyclable. The Sharp Toner Recycling Program is intended for Sharp products only. Sharp reserves the right to charge back those customers who ship non-Sharp products.

WHY SHIP USED CARTRIDGES IN BULK?

You can help us further reduce our carbon footprint by conserving energy and resources by collecting toner cartridges in the collection/shipping containers. After careful consideration and review of all costs associated with our recycling efforts, Sharp can offer a more comprehensive recycling program that includes all types of supply items by requiring more efficient bulk shipping. This program is also more convenient for you because you no longer have to visit the recycling website every time you need a label. The recycling kit includes everything you need to return your used cartridges.

FAQS

HOW DO I ORDER A RECYCLING KIT?

A recycling kit can be ordered by clicking on the "Order a Bulk Recycling Kit" link on the Stop, Drop, Recycle web page: www.sharppusa.com/recycle.

WHAT'S INCLUDED IN THE KIT ?

3 Pre-Addressed, Pre-Paid Sharp cartridge collection/shipping boxes, 3 clear plastic liners, and 3 zip ties.

WHAT DO I DO WHEN THE CARTON IS FULL?

Secure the liner bag with the zip tie, re-position top flaps so that the shipping label is exposed and tape closed. The carton is ready for shipment. Leave for your UPS driver or bring to a UPS drop-off location.

[Low volume recycling available - details on website.](#)
